

Mobile Key Upgrade Program

It's not just a guest room lock, it's the foundation of your guest experience.

Today's traveler has adopted a mobile mindset and expects a more personalized experience to satisfy their individual accommodation preferences. The dormakaba sales team can help you increase your guest experience with mobile-ready access solutions.

If you have aging locks that do not offer a mobile key experience, our dormakaba lock specialists can support your hotel in an affordable path to implementation. We offer both cost effective upgrade kits and mobile-ready locks.

Do not risk your guest experience by adding a third-party BLE module to your dormakaba lock. This jeopardizes the integrity of your hardware and may not be the most reliable mobile experience for your guest.
